VOLUNTEER HOURS

Since parental/adult involvement in the educational enterprise is so important to a student's success in school, **we expect each family to provide at least 10 volunteer hours of service** to WRCS during the year. Such involvement by significant adults in a student's life expands the family's awareness of the school program, builds bridges among school families, and helps control the costs of education at WRCS. All parents are asked to complete the Volunteer Interest Form, therefore, as part of registration. This will help make connections for volunteer activities that are good both for you and your child's education.
